A new generation has arrived:
vehicle radios from VDO.

Experience meets innovation.

Robust, easy to use and aesthetic –
enjoy the great sound!

Explore the new generation of radios – the result of an outstanding experience since decades. Vehicle sound systems from VDO have earned a strong reputation within the world of infotainment. This new range applies the harmony of pure aesthetic and sound to all kind of current music sources.

Five impressive models to choose from.

VDO vehicle audio systems are a crowning achievement of our successful continuous product optimization process. Their rugged, reliable construction makes them ideal for every application, from cruising the highway to the tough off-road environment.

Our new vehicle radios are available in five versions: three 12 Volts designs – including the top-of-the-range Bluetooth model – and two 24 Volts variants.

The handling of the new VDO radios goes without further explanations by clear design, big buttons and turn keys with grip. Ease of use was a key priority, alongside high quality. The intuitive interface provides straightforward access to a sophisticated range of functionality and delight by handling a complex world in such a easy way.
